“ I know there are no words to comfort your loss for you and your family but you have my deepest sympathy.
It seems like Joe had been there a long time even though it was only about 5 years. He was happy in doing his work and always willing to help if you had a question. His vast experiences over the years that he shared and his plans for his future it was always a joy talking with him. Joe will always be one of the sharpest people that I had a pleasure of working with and taught me a lot to remember.
