“ So sorry for your loss and sorry I can not be with you at this time know that you are all in my thoughts and prayers. Linda was a very special influence in my life along with her family as I was growing up she taught me how to be my own individual to serve my community and to sew during my 4-H years which enabled making a lot of my own clothes and even my Wedding Dress with her watch fall eyes from all her work and experience at Lillian's Dress Shop in Mattoon and the Garment Factory, Our families spent a lot of time together and yes it was on our motorcycle excursion and making delicious food for the families but the only thing I could not master was her melt in your mouth sugar cookies, I have her recipe but they never turns out the same. Take care girls and know that you both have a very special place in my heart.

“ As you know, Linda was my partner in crime at the phone company. The first time I met her I didn't know we would go a hundred shopping trips to Sams and always Christmas shopping. She was usually done in March. This beautiful soul taught me about her love of family and showed me how to be the greatest Grandmother possible! I loved her then and I will never forget what a funny, caring, loving individual she always was. She took it upon herself to help everyone in need and took the Christmas shopping, wrapping and other details of the operators Christmas shopping every year while she worked there. She gave tirelessly to anyone in need and always made everyone feel special. There was not one operator working in that building that didn't know and love Linda. Like, I said, she taught me so much about life and we shared a million laughs and just a few tears together. She loved her family like no other and I was so so lucky to call her my friend. I will see you again sometime when it's my time to go and look forward to a wonderful hug from this precious woman.
