“ *I haven't seen Scott in years...possibly since graduation.... His Senior year he joined the Speech team and fit right in! His humor and spunk will always be remembered.... My DEEP condolences to his family, to Sharon and his son Nicholas.... I can't imagine what you're going through. My prayers are with you.*

“ *I will never forget Scott walking up to my house dressed as Frankenstein last Halloween on the day of his cancer diagnosis, so determined he was going to beat this thing. Despite his most courageous efforts (Fear Comrac!) that didn't happen, but Scott has nevertheless left a legacy that all of us will only realize in the days to come as we recall how many times he made us laugh or gave us a lift when we were down ourselves for this reason or that. Scott was always so positive, even last Wednesday when he came by to visit the lab, and, though he may have been struggling inside, never allowed any of us to feel sorry for him or to be negative. Nicholas especially should know that his father was an inspiration to us all and that his dad did not pass without leaving us all with great memories and a more positive, broader, purposeful outlook on life.*

“ *Scott was such a unique person. He had the rare ability to put a smile on everyone's face no matter what mood they were in. He will be missed by many, especially all of us in the lab.*
