“ *My thoughts and prayers to all the family. Marianne and I served together in Lambda State, DKG, for many years. She was my first vice president during my state presidency and was an excellent representative for Lambda State. She will be missed by all of us who knew her. God bless you all.*

“ *I am deeply saddened to hear of the loss of Mrs. Doyle (as I knew her from high school). My sincerest heartfelt condolences go to her family & all that knew her well. I was fortunate to have her as a field biology teacher during my sophomore year in high school and can say, without hesitation, that it was my favorite learning experience of my educational career. Although I did not pursue a vocation in biology, what I learned in her class is still with me today. She will live on in the memories of those who knew her.*

“ *My thoughts and prayers are with all of you as you move on without Marianne. Mrs. Doyle (as I knew her) was one of the best teachers I ever had! I was just talking recently to a local friend about what I learned in her 9th grade biology class at Central. The book "Silent Spring" made a very lasting impression on me.\r\n\r\nGod be with you.*
