

Robert R. Miller

October 12, 1928 - January 26, 2021

Robert R. "Coach" Miller, 92, of Mattoon, IL passed away on January 26, 2021 at Odd Fellow-Rebekah Home in Mattoon, Illinois.

Arrangements for a Celebration of Bob's life will be announced at a later date. Mitchell-Jerdan Funeral Home, 1200 Wabash Avenue, Mattoon, IL 61938 is in charge of arrangements.

Bob was born on October 12, 1928 in Wayne City, Illinois, son of the late Ross and Carrie (Legg) Miller. He is survived by his spouse Betty Miller of Mattoon, IL; three children: one daughter, Kimberly (Patrick) Keeley of Campton Hills, IL; two sons, Brad (Sydney) Miller of Huntington Beach, CA, and Brook Miller of Falls Church, VA; two grandchildren: Amanda Miller of Huntington Beach, CA, Michael (Ashley) Keeley of Hinsdale, IL; one great-grandchild, Leighton Keeley; and one sister, Jennie Tooley Kelley. He is preceded in death by his brother, James Clayton Miller, and three sisters, Alma Irwin, Alberta Miller, and Roberta Miller.

Bob attended Wayne City schools where basketball became a big part of his life. His dad made him a basketball hoop which was much smaller than regulation. After shooting on it, the regulation one looked huge contributing to his success as a shooter on good teams in high school. His average of nearly twenty-two points per game his senior year was rare for that time period.

Following high school graduation in 1946, Bob enlisted in the U.S. Army and served overseas in Tokyo, Japan through most of 1947. His service prior to the end of 1946 earned him the distinction of WWII Veteran. After the army, he attended McKendree College where he earned his BA degree. At McKendree, he was a key player on the basketball team. He earned a MS degree at Millikin University and furthered his studies at Eastern IL. University.

On January 15, 1950, Bob married Beverly Wilkerson and they had three children. Bob was a devoted father. He shared much mutual love and admiration with his children, grandchildren and extended family members.

Bob spent thirty-five years in Illinois public education. He was a teacher and coach in O'Fallon, Tower Hill, Blue Mound, and Mattoon. After his time at Mattoon high school, he was Off-Campus Housing Director at Eastern IL University for nearly two years. In 1970, Bob was elected to the office of Coles County Superintendent of Schools. He became regional superintendent after Coles County consolidated with five other counties. In all, Bob served nearly four terms. Also, he owned and operated an independent insurance agency while in Blue Mound. In 1981, he was inducted into the IHSA Basketball Coaches Hall of Fame.

On September 29, 1990 Bob married Betty Ronchetti and acquired seven adult stepchildren. Adding to his three children it was a large but fun family. Bob and Betty were both in their 60's and retired. They spent six months in Florida and six months in Mattoon. They traveled extensively in Europe, South America and Asia. Bob commented that he would have taught history better had he been able to travel before teaching. Bob and Betty had a wonderful life together traveling, dancing every Friday night in Florida, golfing, going to football games at EIU and U of I. In 2017, they moved permanently back to Illinois.

Bob was a member of the First Presbyterian Church in Mattoon, Mattoon Rotary, Mattoon Golf and Country Club, Winter Haven Country Club and the Winter Haven American Legion.

Bob never knew a stranger. He spoke to everyone and always had a smile on his face. He was very charitable to many organizations.

This would not be complete without mentioning what a great Chicago Cubs fan he was throughout his life.

I had the privilege of working for 'Mr. Miller' in the Regional Schools office; he was responsible for creating expanded teaching and learning opportunities for every child who walked through the schoolhouse doors under his administration. Bob was respected, trusted, and appreciated by public officials, teachers, administrators, board members and voters. My condolences to Brad and all of your family. It was a rare and valued treasure for me to have worked for such a very good man.

“*Mr. Miller was the basketball coach that took MHS to Sweet 16 in 1969. I was one of the managers on the team. We occasionally took a trip to an out-of-town game to scout a future opponent. We would talk strategy on the way home. Great memories of my senior year. Our 50th reunion was in September 2019. Living in Baton Rouge, that was a long trip, but boy am I glad I went. The first night was when they honored the 1969 Sweet 16 team. Many of the players attended and to my surprise, so did Mr. Miller. And he remembered me after all this time. Like the obit says "he always had a smile". I guess this is what getting old is like. All your friends start passing away. I'm sad knowing that one more has gone. But so glad I had a chance to see him last year.*

“ I was a young public school administrator in Paris when I met Bob Miller. He assisted me at that point in time and when we worked together several years later. Mr. Miller established a level of service for the Regional Office of Education which was admired throughout the State of Illinois. His leadership, service to others, and commitment to education set a standard for those who followed him. It was an honor to know and to work with him. John McNary

Hi John, We really appreciate your praise of Dad's accomplishments in that office. When I was living at home as a youth, I was close to his accomplishments in coaching. Then there was his first election and that experience seemed like a ball game. Great hearing this from someone who was in the office and familiar with the challenges of it. Thank you, Brad

“ I was so fortunate to share in Bob’s life once he moved to Copper Creek where my father-in-law, Herman Janssen resides. I spent many a day listening to Bon share the stories of his life! So many meal times we would stay in the dining room talking about life, school (I was a teacher), politics, and just what ever was happening at the time. Bob was tickled that he worked at the regional office and gave me my teaching scholarship way back in 1977! Who knew that we would meet personally after so many years. Bob enjoyed when I would bring my students in to do an activity or have lunch with the residents. He also enjoyed when our grandchildren came to visit. I have missed him so much through Covid not aallowing us to visit. He became part of our “family”! We lost a good one! Thank you for sharing him with us in the short few years we knew him!

“ *Kim, I'm sad to read that your father passed away. Bob was a real gem, so many great memories of overnight stays at your house and Bob always playing chauffeur for us :) He was a wonderful, kind man, and many people will hold fond memories of him in our hearts. I'm glad I happened to see you and Bob at the Alamo a year or so ago and I will remember that fondly.

It was an honor to know Bob. From the beginning of my tenure at the Regional Office of Education #11 he was extremely supportive. He would call a few times each year, usually around the same time, and deliver some words of encouragement to anyone he spoke with. I enjoyed visiting with him in person a few times each year, too. He was sharp, quick-witted, and knew what it meant to be a true public servant. He even did a little campaigning for me at Copper Creek back in 2018. I had the good fortune of attending his 90th birthday party where his friends and family members shared stories, many of which centered around his educational career and his basketball coaching legacy. A great life, a great man - I am going to miss my buddy, Bob. - Kyle Thompson, Regional Superintendent

Kim, Last night I found out about your father's passing and wanted to let you know that you and your family have my deepest sympathy. Bob was highly respected and admired by many people and had a natural way of letting people know you were in front of a kind man. These qualities are hard to find and I know he deeply loved you, Brad and Brook.

Bob taught me the definition of intensity before I had the privilege of knowing him as I would go as an early teenager to watch the high school team play and would wonder to myself why is Coach Miller smiling in a crouched position in front of the bench during what seemed to be the most competitive part of the game but quickly figured out that was his "game face" and that was his drive to succeed and win. It was an honor to have known him and I have many fond memories. The fact that he was a "Cub Fan" is icing on the cake. Love to all, Dennis Seaman
