LM

“ I was so lucky to have known Jane for the five years I had. I remember how welcome she made me feel right away and how we'd sit on the couch watching Jeopardy, Days of Our Lives and all the other day time shows, whilst waiting for Josh to get home from work! She introduced me to one of my favourite things - getting my nails done! She'd always have an appointment booked prior to me coming to the states. I'd always tell my work colleagues back home about how amazing she was and how trendy. Every time I bought outfits at the store during my holiday, I'd show her and see what she thought! She loved my purple leather jacket! Going out in the car with her whilst she ran errands like going to Walmart, getting food etc, was always my favourite. She'd tell me many stories about her life and different facts about the town. In January I didn't know I'd be saying goodbye for the final time and I wish I could've spent more time with her or hugged her that little tighter. I still remember how excited she was finding out that Josh had proposed to me. She was so excited to hear about our plans. Jane, you will always be in my heart and we will all miss you so much but you will be looking down on everyone and being with us always, as our guardian angel. I'm thinking of the Brien family at this sad time. Xx
