“ *Dad, I hope I have done all that you wanted me too. I am so thankful I had a chance to tell you "I Love You" and sitting by your side until the end. You have helped make me strong and I will need that for my lifetime, so thank you and thank for all you have done to help your/our family. I hope you are happy and at peace. I know many people are alive because of your bravery and I hope they are living their best life because you were there to help them, and I know you will continue to watch over all of us and we love you for that. Rest in pease daddy. My "personal hero"! Salute.*
